7. Declaration on stipulation of salary and other remuneration for executive management

Svein Rennemo, the chair of the board, gave a presentation of the board's statement for remuneration of the executive management, included in note 6 to the annual accounts for Statoil ASA, prepared in accordance with accounting principles generally accepted in Norway (NGAAP).

The general meeting gave its support to the board's statement on stipulation of salary and other remuneration for the executive management.

Johan A. Alstad, representing the Norwegian Ministry of Petroleum and Energy, explained the reasoning behind the state's vote and requested that the following be included in the minutes:

The Norwegian Ministry of Petroleum and Energy regards Statoil's general executive management remuneration scheme, as described by the board in the statement presented, as meeting the Norwegian state's guidelines for management remuneration.

Statoil's board has argued that it has been necessary to make deviations from the company's general remuneration scheme for two of the executive vice presidents to be able to offer competitive terms in local markets with other compensation schemes than those in Norway. The board has particularly pointed out the need for the variable salary component being considerably higher in these cases than what the company's management remuneration principles would normally allow. The Norwegian Ministry of Petroleum and Energy wishes to underline that it is the board's responsibility to determine the company's management remuneration. The Norwegian Ministry of Petroleum and Energy takes note of these two deviations and, following a general evaluation, will vote in favour of the company's statement regarding management remuneration as these two deviations are explained on the basis of special considerations. The ministry further expects the board to follow up the Norwegian state's guidelines for management remuneration in the future.
