

GUIDE - ONLINE PARTICIPATION FOR THE ANNUAL GENERAL MEETING FOR EQUINOR ASA

Equinor ASA will hold the annual general meeting on 11 May 2021 at 16:00 (CET) as a digital meeting, where the shareholders have the opportunity to participate online via smartphone, tablet or pc.

By participating online via Lumi AGM shareholders may attend the annual general meeting where it will be possible to cast votes on each agenda item, submit questions as well as follow the live webcast which includes simultaneous translation into English.

No pre-registration is needed for attendance online, however, shareholders must be logged on before the meeting starts. Note that it will not be possible to log on to the meeting after it has started. We therefore encourage shareholders to log on in due time. It will, at the earliest, be possible to log on one hour before the annual general meeting starts.

Below is a description of how to participate online. Please note that instead of online attendance, you have the opportunity to vote in advance or give a proxy before the meeting. See the notice for further details for advance voting and how to submit a power of attorney.

Secure identification of shareholders is done by using pin-code and reference number on the form for advance voting or power of attorney, or on the shareholders account in VPS Investor Services.

Shareholders who do not find their pin-code and reference number for access or have other technical questions is welcome to call DNB Registrars Department on phone + 47 23 26 80 20 (between 08:00-15:30), or send an e-mail to genf@dnb.no.
