

Safety results 1Q - 2021

Safety Performance

Highlights 1 Quarter 2021

10/₂₁

Number of serious incidents

1q21/ 1q20

66/₇₈

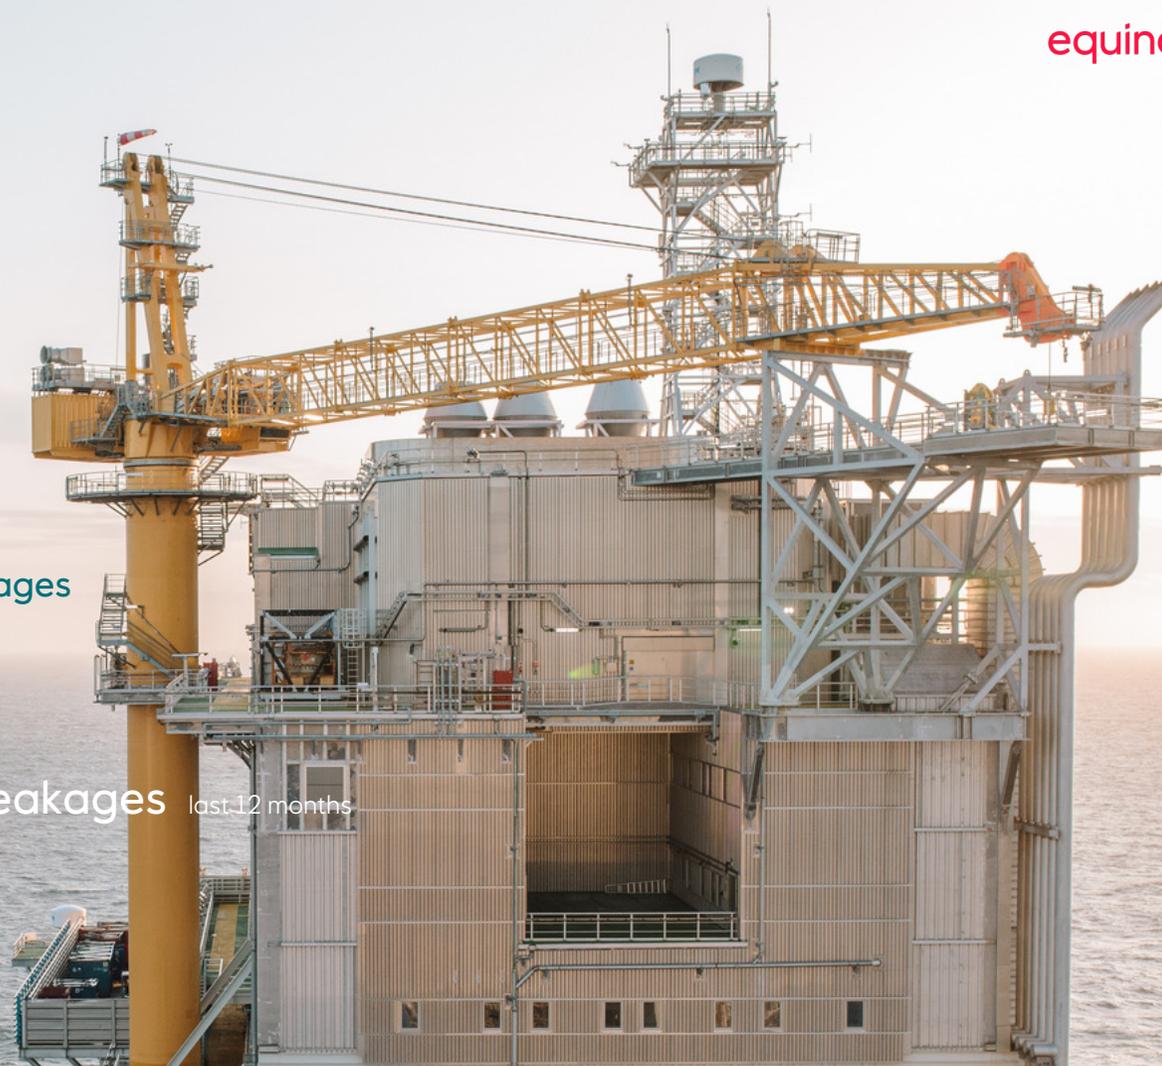

Number of recordable injuries

1q21/ 1q20

2/₆

Number of oil & gas leakages

1q21/1q20

SIF 12 months average

0,5

TRIF 12 months average

2,3

Oil & gas leakages last 12 months

7

Definitions

<p>Serious incident frequency (SIF)</p>	<p>Number of serious HSE accidents and near misses per million hours worked. Near misses are incidents with no actual consequences but with a serious potential.</p>	<p>Total recordable injury frequency (TRIF)</p>	<p>Number of personal injuries which include medical treatment per million hours worked</p>
<p>Actual SIF</p>	<p>Number of serious HSE accidents per million hours worked.</p>	<p>Oil & gas leakages</p>	<p>Number of oil-/gas leakages with a leakage rate above 0,1 kg/second</p>

Safety: performance indicators

Serious Incident Frequency* (SIF)

Total Recordable Injury Frequency* (TRIF)

Serious oil and gas leakages*
(number of red and yellow)

*Annual numbers from 2010 - 2020

List of SIF incidents – actual and potential – for Q1 2021

Month	What happened	Where	Immediate consequence
January	Person injured during lifting operation	Offshore Norway	Personal injury
	Person injured finger while passing through door	Offshore UK	Personal injury
	Person injured during lifting operation	Project Norway	Personal injury
February	Person fell on slippery surface	Onshore Norway	Personal injury
	Person tripped and fell on drill floor and broke his leg.	Project Norway	Personal injury
	Dropped handrail	Offshore Brazil	No injuries, but with potential
	Person hit by dropped cable	Offshore Norway	Personal injury
	Dropped object from crane structure	Onshore Brazil	No injuries, but with potential
March	Cable conduit fell off loading arm	Onshore Norway	No injuries, but with potential
	Dropped object during lifting operation	Onshore Norway	No injuries, but with potential

Annual wheel

Yearly cycle for HSE work

Health and working environment

Q4

Q1

Avoid major accidents

Always safe

Q3

Q2

Safe work at height/Prevent falling objects

Prevent personal injuries

Industry collaboration

- *Strong industry collaboration with commitments*
- *Sharing experience on [alwaysafe.no](https://www.alwaysafe.no) (AkerBP and Vår Energi)*
- *Safety Charter collaboration towards 2025 with our main suppliers within projects, drilling & well, onshore plants and offshore operations.*
- *Strengthened Life Saving Rules (IOGP)*
- *Requirements for road safety (IOGP)*
- *Guidelines for office safety*

IOGP: International Association of Oil & Gas producers
